# Application for Certificate of Tax Credits

You will need to complete Form 12A (attached) to apply for your Certificate of Tax Credits if any of the following applies:

- you are starting your *first* employment in the State
- you are a national of another country living in Ireland and are starting your *first* employment in the State
- you are recommencing employment following a period of unemployment.

## Note 1: How do I apply for my Certificate of Tax Credits?

Complete the appropriate sections on Form 12A. Your claim will be processed promptly if you quote your **Personal Public Service Number (PPS No.)**, your **Employer's PAYE Registration Number**, and you complete all relevant sections of the form. Send the completed form to your local Revenue Office or call in person with the completed form. Both you and your employer will be notified of your tax credits and Standard Rate Cut-Off Point. Your employer will then make the necessary tax deductions from your salary.

## Note 2: How do I obtain my Personal Public Service Number (PPS No.)?

In general, Irish nationals born before 1971 who are not already registered for tax in the State and nationals from other countries coming to work here, will not have a PPS Number. If you do not have a PPS Number, you must register with a Social Welfare Local Office of the Department of Social and Family Affairs. This must be done **before** you apply for your Certificate of Tax Credits.

**Leaflet SW 100 'Personal Public Service Number'** issued by the Department of Social and Family Affairs gives further information on how to register for your PPS Number. The leaflet is available from your Social Welfare Local Office and on the Department's website at [www.welfare.ie](http://www.welfare.ie)

## Note 3: General Information for individuals coming to live in Ireland.

Residence Status and Domicile influence the extent to which an individual is liable to tax in Ireland and their entitlement to tax credits. It is important to tell your local Revenue Office what your intentions are with regard to residing in Ireland. Irish nationals returning to work in Ireland and nationals from other countries coming to work in Ireland, must answer the residence questions at **Section B on Form 12A**. In this section, state if you have moved / returned to live here on a permanent or temporary basis. If you are living here for a temporary period or for temporary holiday work, state the expected duration of your stay. This information will assist your local Revenue Office in determining your tax credit entitlements.

Revenue's publication '**RES 2 Coming to live in Ireland**' gives general information on our Residence rules.

## Note 4: What is Emergency Tax?

If your employer does not hold a Certificate of Tax Credits for you, tax will be deducted at Emergency Rates. However, there are different rules that apply depending on whether or not you provide your employer with your PPS Number.

If you give your PPS Number to your employer, it will mean that for the first four weeks of employment, tax will be calculated at the standard rate of tax and reduced by 1/52<sup>nd</sup> (if weekly paid) or 1/12<sup>th</sup> (if monthly paid), of the personal tax credit. For the next four weeks, tax will be calculated at the standard rate of tax without any tax credit. From week nine, tax will be calculated at the higher rate and no tax credit will be given.

If you do not give your PPS Number to your employer, tax will be calculated at the higher rate and no tax credit will be applied. This will continue until either you provide your PPS Number to your employer or a Certificate of Tax Credits is received.

**It is very important that you obtain your Certificate as quickly as possible to avoid Emergency Tax deductions.**
